Dear Decision Makers and Stewards of UBC and GVRD:

Re: Marine Residential Towers.

I strongly oppose the current proposal for this development. The level of housing is far too dense for the site and the towers will have a profoundly negative impact on views from the beach and Park, as well as on other Park values. I strongly recommend that UBC use an alternative location or design to reduce the impact of this development on the park and beach. The two 18-storey Phase II towers must be lowered on this site. These towers must not show from the beach because:

Most sincerely yours,

(Your full name and either phone number or e-mail address)
